

Cost to Join Chart 2018

Fee	How Much?	Per Student or per Family?	What is it For?
Registration	\$85* *Early bird registration \$65	Per Family	Registration fees go to Catholic Schoolhouse, Inc, a non-profit corporation. It allows us to continue our mission of helping Catholic homeschoolers and especially Catholic homeschool communities thrive in order to mentor one another in the Faith. Additional donations always welcome!
Student Fee	\$250/ grammar \$300/upper level	Per Student	Student Fees stay with your local program. It is used for any facility fees and insurance costs; the remainder is used entirely to compensate your tutors and director. It is a real bargain—just \$2.56 per hour for instruction, science experiments, chorus, and an art class!
Supply Fee	\$75/ grammar \$150/upper level	Per Student	CSH will not nickel and dime you all year. Supply fee pays for classroom needs, such as copies, pencils, and student binders. It also covers quality science and art supplies. Think of this as Grammar levels, \$25 for the classroom, \$25 for science, \$25 for art. Upper level, covers science and fine arts supplies, literature, writing and all text book needs which students keep. There are no additional fees for upper level.
Nursery	??	Per Child	A good nursery is an essential part of any program. We recommend hiring an outside nursery worker, and charging families your actual cost. It seems to come out to between \$50 and \$75 per quarter (6 weeks) as an average.
Tour Guide	\$32	Per Family	Required. This is the memory work for the year that you will want to review at home.
Memory Work CD Set	\$40	Per Family (or car)	Essential if you hope to gain any “car-schooling” time driving to and from Catholic Schoolhouse. Optional for families with upper level students only.
History Cards	\$36	Per Family	Necessary for learning the timeline. Use them as flashcards. The backs provide a paragraph that acts as cheat sheet for you to talk about the subject with your student—and always sound smart!
CSH Art and Science	—	—	In a registered program these will be provided for your art and science tutor at no cost. If you wish to have the full-color, full-page art reproductions and background info to access at home, you are welcome to purchase your own copy. (\$38/\$30)
